Products & Services

Industrially rated products offering effective solutions for air and gas moving problems:

- Modular central vacuum systems
- Mobile or stationary integrated vacuum units
- Dust collectors and separators
- Multistage centrifugal blowers
- Single stage centrifugal blowers
- Regenerative blowers
- Gas boosters
- Custom-engineered products with special materials for extreme temperatures and pressure

Complementary accessories with single source convenience and compatibility:

- Standard and custom electrical control panels - UL and CUL Listed and C.E. available
- Comprehensive selection of tubing, fittings, vacuum hoses, valves and tools
- Valves, gauges, couplings, shrink sleeves, vibration isolators and other system components

Comprehensive engineering and other customer support services:

- The industry's largest complement of technical specialists in air and gas moving technology
- Worldwide parts and service organization
- Application research and testing facility
- Product selection process aided by internal computer program

Worldwide organization of sales representatives and distributors offering:

- Product selection, installation and operation assistance
- Comprehensive system design services
- Follow-up services and troubleshooting
