## Putting It All Together – Products & Services for the Municipal Market

### Products offering effective solutions for air and gas handling challenges:

- Power Mizer® high-efficiency cast centrifugal aeration blowers.
- Fabricated multistage centrifugal blowers for aeration and incineration.
- Hermetically sealed gas boosters for digester gas systems.
- Natural gas dilution system packages.
- Single stage scroll blowers for compost and odor control.

### Intelligent air delivery systems with advanced technology:

- Dissolved oxygen control systems including PLCs programmed with a unique direct airflow control logic.
- Variable frequency drives with automatic speed adjustment in response to DO changes.
- Motor control centers.
- Blower protection panels.
- Activated sludge diffusion systems.
- Aeration control system engineering.

### Complementary accessories with single source convenience and compatibility:

- Standard and custom electrical control panels, including UL and CUL Listed and C.E. available.
- Valves and silencers.
- Gauges and instruments.

### Comprehensive engineering and other customer support services:

- Technical specialists in air and gas handling technology
- Worldwide parts and service organization
- Application research and testing facility
- Product selection, installation and operation assistance
