## **SPENCER APPOINTS NEW INDUSTRIAL SALES REPRESENTATIVE AGENCY FOR NEW YORK CITY AREA**

### **AIR PURIFIERS INC. (API)**

The Spencer Turbine Company and Air Purifiers Inc. (API) have signed an Agreement making the Rockaway, New Jersey based-company the new Spencer Industrial Sales Representative, for New York City including the boroughs of Manhattan, Queens, Brooklyn, The Bronx, and Staten Island, and the counties of Nassau, Suffolk and Westchester.

API is authorized to promote and sell Spencer products including single – and multi-stage centrifugal blowers, Vortex® regenerative blowers, central vacuum systems, Industravac® self-contained vacuum units, separators, vacuum accessories – hoses, tools and inlet valves, tubing and fittings, control panels and other equipment and system related accessories.

Started as a family owned and operated business in 1982, API is an established manufacturers' sales representative company. They have selling and application experience with systems for dust collection, fume removal, and vehicle exhaust, and have the capability to provide turnkey installation and service contracts for these systems. The company is comprised of two sales offices and a warehouse. Handling the Spencer product line for API are John Di Rezze, President, David Di Rezze VP and Michael Brooks, outside sales.
