SPENCER APPOINTS AUTHORIZED SERVICE CENTER FOR THE COUNTRY OF MEXICO MANUFACTURERA CENTURY, S.A. de C.V.

The Spencer Turbine Company is pleased to announce an agreement with Manufacturera Century, S.A. de C.V. making the Mexico City-based company a Spencer Authorized Service Center for the Country of Mexico.

Manufacturera Century is authorized to provide repair and service for Spencer multistage centrifugal fabricated blowers (except UL-Listed hermetic gas boosters), Power Mizer® multistage centrifugal cast blowers, Industravac® self-contained vacuum systems, separators and dust collectors, Vortex® regenerative blowers, electrical controls and control systems.

Manufacturera Century will be able to perform all repair, maintenance and associated service for these products, including start-up, warranty and non-warranty repair work, and will use only Spencer-manufactured or Spencer-approved replacement parts. Manufacturera Century will maintain a sufficient inventory of Spencer parts to meet customers' needs and to ensure that "customers receive replacement parts that meet the rigorous Spencer standards of quality."

Manufacturera Century is a respected aftermarket service company with thirty years of experience handling repair, overhaul and maintenance of air and gas handling equipment. It has six locations within Mexico, including two in Mexico City, one each in Leon, Queretaro, Guadalajara and Puebla. Manufacturera Century employs 40 service technicians, several of whom visited Spencer headquarters for an extensive hands-on service training program.

Through Spencer's export management representative Dorian Drake International, Manufacturera Century already promotes and sells Spencer products in central and southern Mexico. We look forward to this opportunity to provide local service to Spencer customers in Mexico.
